

Crewkerne Short Course Triathlon

Sunday 3rd July 2011

Race Details

Thank you for entering the fifth Crewkerne Short Course Triathlon. **Please read the following carefully as it contains important course and safety information.**

The triathlon will be run in accordance with British Triathlon Federation (BTF) rules. Details of these rules can be found at www.britishtriathlon.org

Registration

Registration will be open from 6am on Sunday. Competitors are advised to register an hour before their swim start time. You will need to register before you can rack your bike. If you are a BTF member, please remember to bring your BTF card with you. Any BTF members without a BTF card will be required to pay £2 for a day licence. At registration you will be handed your race numbers and a bike sticker with your race number on it. You will also be body marked with your race number. You will also be handed your chip timing device. This must be secured around your ankle on the strap provided to you.

Only competitors will be allowed into the bike transition area. You will need to show your race number to gain access to the transition and this will be checked against the number on your bike. Your race number needs to be clearly visible on your back for the cycle leg and on your front for the run leg. Race belts may be worn.

Familiarise yourself with the transition area, in particular the bike and run exits.

Swim

The swim is 10 lengths of Crewkerne Aqua Centre's 25 metre pool. Please ensure that you are poolside **15 minutes** prior to your start time. Listen out for a marshal to call you forward to organise your wave. You will be given a coloured swim cap for the swim and be advised which lane you are swimming in. There will be four marked lanes.

Please note, entry to transition will be limited after 7am Race Start, so please attempt to rack your bike and leave transition before this time.

The race will start and finish from the deep end of the pool - **no diving is allowed and backstroke is not permitted.** Please be aware of the other swimmers in your lane. As a courtesy to the other swimmers, if you need to overtake then touch the

feet of the person ahead of you. They should stop at the end of that length to allow you to pass.

When you have two lengths to go, the lane counter will indicate this to you by showing a "two laps" sign. Exit the water from the deep end, leaving your swim-cap with the lane counter. Exit the Aqua Centre from the emergency exit at the end of the pool. Please walk around the pool and take care of the slippery surface. From here, make your way to the bike transition to collect your bike.

Bike

You must wear a helmet during the cycle section, the helmet must be on your head and fastened before you take hold of your bike and must remain so until after you rack your bike at the end of the cycle course. A 2 minute time penalty will be awarded for non-compliance.

Please note that no drafting will be allowed on the bike course - see 7m rule on www.britishtriathlon.org.
